Software | Computers | Laptops | Tablets | Monitors
Accessories | Embossers

Dolphin software tools can be purchased on their own OR as part of a computer package with the software installed for you so everything is ready to use, straight from the box.

Please note: Prices are for software only, hardware not included.

See pages 4-8 for our range of laptop, tablet and desktop computer packages.

Dolphin Guide

£495

Simple talking computing for people that are blind or partially sighted and are new to computers. Guide is easy to learn, offering step by step menus for each task. Reclaim your independence; send and receive emails, surf the Internet, scan & read your post, write letters and much more.

Dolphin EasyConverter

£595

Make reading materials accessible to people with visual impairments and dyslexia. Quickly and easily convert documents to large print, MP3 audio, DAISY talking books and Braille. Ideal for schools, charities, transcription centres and other organisations.

Buy together with an embosser and get 15% off the embosser price! (see page 13)

Software SMA

Purchasing an SMA (software maintenance agreement) is a hassle free way of ensuring your Dolphin software is always up to date and saves you money as it's cheaper than purchasing upgrades.

For more details about SMAs visit: www.YourDolphin.com/SMA

SuperNova Magnifier

£295

Crystal clear magnifier with True Font text smoothing technology, up to 60x magnification, multiple monitor support and colour changing & highlighting options.

 Ideal for people with low vision or who are partially sighted.

SuperNova Magnifier & Speech

£395

SuperNova Magnifier but with added speech! Reduce eyestrain and boost your productivity with human sounding voices that read documents, web pages and more.

 Ideal for people with partial or fluctuating sight.

SuperNova Magnifier & Screen Reader

£835

The ideal 'total' solution, choose your perfect blend of screen reader, magnifier and Braille, for every visual impairment.

 Ideal for organisations and people with deteriorating sight.

 **Dolphin
Screen Reader**

£595

Powerful, yet easy to use screen reader with human sounding voices and support for Braille displays.

 Ideal for people who are blind or have no useful sight.
